

The ON-PACE trial: Dietary nitrate supplementation to enhance daily physical activity in hypoxic COPD

**Do you have COPD?
Do you use home
oxygen?**

**If you can answer yes to both you
may be suitable to take part in
research on the health effects of a
nutritional supplement for people
with COPD**

To find out more please contact the research team at the

Royal Brompton Hospital

On tel: 02073518029

or email us onpace@imperial.ac.uk

All trials have ethical approval
